Sacramento, CA 94274-0001

Attention: Muhaned Aljabiry

Re: Administrative Amend. No. 10 to the 2002 FTIP

Dear Mr. Aljabiry:

The Kern Council of Governments' Federal Transportation Improvement Program (FTIP) policy is to compile local adjustments that are made on an as needed basis and informatively report to Caltrans, federal transportation agencies, and air quality agencies. Administrative Amendment Number 10 to the 2002 FTIP has been included in this report. The Kern Council of Governments' staff has reviewed the member agency request and has agreed to make administrative revisions to the 2002 FTIP reflecting changes to the project below:

CMAQ - KER000512 – Surfacing Unpaved Neuralia Road

The City of California City requested a project amendment for KER000512. Construction funding in the amount of \$19,395 was moved to the preliminary engineering phase. This project was last amended as part of Amendment No. 6 to the 2002 FTIP, but funding for a preliminary engineering phase was neglected to be included. There is no change in the programming year. There is no change in total CMAQ funding. The air quality conformity analysis is not affected. Please see attachments for more details.

Revisions have been made to California Transportation Improvement Program (CTIPS) database and are reflected in the enclosures. If you should have any questions or comments, please feel free to call Raquel Carabajal at (661) 861-2191.

Sincerely,

RONALD E. BRUMMETT,
EXECUTIVE DIRECTOR

Re: KER000512 CMAQ Project – Surfacing Unpaved Neuralia Road

Dear Mr. Helt:

Responding to the City of California City's April 29, 2003 letter, Kern Council of Governments agrees to make administrative revisions to the 2002 Federal Transportation Improvement Program reflecting changes to the project noted above. In accordance with the request, the 2002 FTIP project programming will be adjusted as follows: construction funding in the amount of \$19,395 will be moved to the preliminary engineering phase.

Kern COG concurs in the request to expedite the appropriate changes to KER000512 as part of Amendment No. 10 (administrative amendment) to the 2002 FTIP because 1) there is no change in the programming year, 2) there is no change in CMAQ funding, and 3) air quality analysis is not affected. Revisions have been made to California Transportation Improvement Program System (CTIPS) database and a report is attached for your use.

Attached is a letter stating that the City of California City is in agreement with this amendment.

If you have any questions or comments, please feel free to contact Raquel Carabajal at 661-861-2191 or rcarabajal@kerncog.org.

Sincerely,

RONALD E. BRUMMETT,
EXECUTIVE DIRECTOR

Re: FTIP Funding for City of California City

KER000512

Dear Mr. Stramaglia,

This follows my discussion on April 29, 2003 with Raquel Carabajal on behalf of the City of California City. The current distribution of FTIP Program funds (CMAQ) for the Surfacing of Unpaved Streets as shown on page 41 of the 2002 FTIP is \$118,000 for Construction, with no Preliminary Engineering. The City of California City is requesting a formal amendment to the FTIP transferring \$ 19,395 of the Construction funds from KER000512 to Preliminary Engineering.

If you have any questions, or if you need additional details, please contact our office at your earliest convenience at (661) 323-6045.

Sincerely,

A handwritten signature in black ink, appearing to read "Gerald F. Helt".
